

General Exclusion: Electricity Supply Network Interruption & General Endorsement to the Business Interruption Sections

A **General Endorsement to the Business Interruption Section – Agri & Agri Wine Policy Wordings** will be implemented, noting amendments to the Clauses and Extensions, that include cover limitations in respect of the Public utilities - Insured perils only (if stated in the Schedule to be included) and Public telecommunications - insured perils only extensions. **(Refer to attached generic client letter for detail)**

These General Endorsements will be implemented to all Commercial / Agri / Agri Wine policies as follows:

- New Business: All new business quotations requested on or after 1 March 2023.
- All active policies: 1 April 2023.

Please refer to the attached generic Client communication letters:

- Electricity Supply Network Interruption Exclusion Client Communication RSA: **All Policy Holders irrespective of product**
- Commercial Business Interruption Section Client Communication RSA: **Commercial Policy Holders only**
- Agri Business Interruption Section Client Communication RSA: **Agri Policy Holders only**
- Agri Wine Business Interruption Section Client Communication RSA: **Agri Wine Policy Holders only**

These letters will serve as relevant notice to the clients as required by regulation, and **we require you to distribute the letters** as noted above to each of your clients with active policies on or before the 28th of February 2023.

(To support your distribution process, your Broker Consultant will share your active client listing reflecting the policy number, insured name and product)

Kind regards
